WHO WE ARE

Since 1975, Alamon has been a key resource for Communication, Utility, Energy and Enterprise technology deployment throughout the U.S.

Employee-owned, safety-focused and known for sustained excellence and exceptional customer service, Alamon self-performs a wide variety of critical infrastructure installation and maintenance services for some of the nation's largest communication, energy and utility companies.

From AT&T and Avangrid on one end of the alphabet, to T-Mobile, Verizon, and Zply Fiber on the other, Alamon has been trusted with the infrastructure of industry leaders on a wide variety of projects with varying scopes of work.

WHERE WE ARE

With corporate headquarters in Kalispell, MT and satellite offices and warehouses across the U.S., Alamon offers broad infrastructure installation and maintenance capabilities to clients in all 50 states.

OFFICES

- Arizona
- California
- Colorado
- Florida
- Idaho
- Kansas

EMPLOYEE-OWNED

As an employee-owned company, Alamon has a strong culture of accountability, safety and quality workmanship that are the core strengths of our business.

WHY ALAMON?

- U.S. based company with 50 years of experience
- Ability to serve clients across all 50 states
- Technical expertise in turnkey installation of cutting edge equipment for the Energy, Utility and Communication industries
- Exemplary employee and subcontractor safety program
- High quality ratings from clients

BUILDING THE FUTURE NOW

EARNED TRUST

Alamon teams' reliability and technological proficiency have produced professional relationships with Amazon, AT&T, Avangrid, BNSF Railway, ConEdison, Ericsson, Frontier, Liberty Mutual, Lumen, Pioneer Telephone Cooperative, T-Mobile, Verizon, Vertiv, Wendy's, Ziplly Fiber and more.

Our crews can be found in the busiest cities and the most remote rural locations in the country. We have a strong track record of managing and deploying an experienced mobile workforce to ensure our clients' projects are completed safely, on-time and on budget, no matter the location.

WHAT OUR CLIENTS SAY

“Alamon’s expertise and efficient contract execution are among the best in the business.”

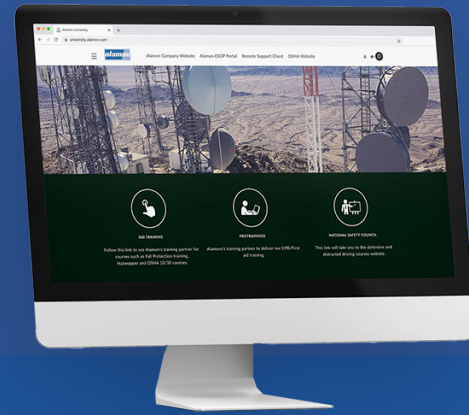

“Their staff is knowledgeable, thorough and detail-oriented. Highly recommended.”

“I would gladly have these gentlemen work on any project I have in the future.”

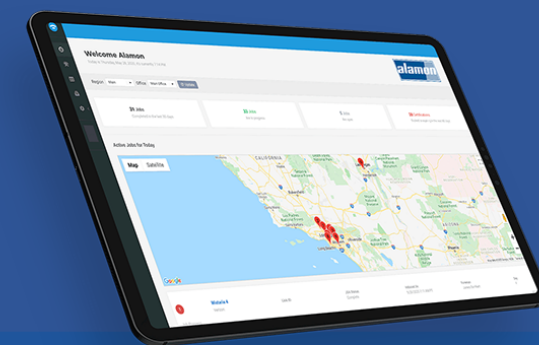

ALAMON UNIVERSITY

Alamon U was developed in-house specifically to address the challenge of training a mobile workforce, and is now an essential online learning environment for our employees across the U.S.

SAFETY MANAGEMENT TECHNOLOGY

Alamon utilizes technology that provides real-time crew tracking and mission-critical on-site safety documentation, including Job Safety Analysis, Site Rescue plans, Personnel Certifications, Aerial Lift inspections, and more.

SAFETY COMMITMENT

Our safety programs are for all employees and subcontractors. The Alamon Safety Committee consists of a broad range of members with decades of experience in the industries we serve. We engage with field and office personnel monthly to get our safety message from the top to the boots on the ground personnel. Weekly safety calls occur with each of our groups, and we continually evaluate and improve processes to ensure our teams go home in the same condition they came to work in.

Alamon is a member of ISNetworld, Avetta and Browz.

CAPABILITIES

BUILDING THE FUTURE NOW

Broadband Deployment Services

- FTTX-FTTH
- Aerial Drops
- Single or Small Fiber Splice Repair
- Fiber Verification
- Copper Troubleshoot & Repair
- Home or Business Pre-Wire

DC Power Services

- Project Planning & Management
- Field & Detailed Engineering
- DC Power Systems Installation
- Alarm & Environmental Monitoring Systems
- Asset Management
- VISIO | AutoCAD

Enterprise Technical Services

- Structured Cabling
- Audio/Visual Integration
- Wireless Technology Services
- Distributed Antenna Systems (DAS)
- Break Fix Services
- Sound Masking for Speech Privacy

CAPABILITIES

BUILDING THE FUTURE NOW

Network Services

- DC Power Engineering, Installation & Testing
- Integration/Programming & Testing
- Office Grounding Surveys
- OSP Cabinet Builds
- COEI Engineering & Installation
- Fiber Characterization
- Logistics of Materials to Sites

Utility Services

- Groundline Pole Inspection
- Non-Destructive Pole Inspection
- Overhead Safety Inspection
- Asset Inventory
- Pole Reinforcement
- Emergency Restoration Support
- Pole Fire Wrap

Wireless Services

- 5G Equipment Installation
- Small Cell Installation
- Cellular Installation
- Microwave Installation & Line of Sight Surveys
- AC & DC Power Services
- Civil Construction
- Fiber Splicing

ENERGY SERVICES

- OVERALL CAPABILITIES
- BESS INSTALLATION
- SOLAR INSTALLATION
- EV CHARGING STATION INSTALLATION
- CIVIL CONSTRUCTION
- PREFABRICATION

ENERGY SERVICES

OVERALL CAPABILITIES

- Turnkey Installations
- EPC Solutions
- In-House AC and DC Technicians
- Aboveground and Underground Installations
- Cable Tray Installations
- Traditional Electrical Services
- Integration into Existing Infrastructure
- Low and Medium Voltage Cable Installation
- Final Quality Inspections

ENERGY SERVICES

BESS INSTALLATION

- In-Building and Modular Deployment
- Civil Construction (Trenching, Concrete, Foundations, Underground Conduit)
- Battery Rack Assembly, Installation and Anchoring
- Battery Installation & Battery Module Installation
- Battery Load Testing
- HVAC Installation/Commissioning
- Communications Cabling
- ICT Equipment Installation for Monitoring , Control, Data Collection, Bidirectional Communication of Information and Interconnection with Other Systems

ENERGY SERVICES

SOLAR INSTALLATION

- Civil Construction (Trenching, Concrete, Foundations, Underground Conduit)
- Module Installation
- Inverter Installation
- Ground Mount Systems Installation
- Roof Mount Systems Installation
- Repair & Maintenance

ENERGY SERVICES

EV CHARGING STATION INSTALLATION

- Civil Construction (Trenching, Concrete, Foundations, Underground Conduit)
- Commercial Level 2 Charging Stations
- DC Fast Charge Stations
- Installations in Multi-Family, Retail, Hospitality, Commercial, and Industrial Locations
- Repair & Maintenance

ENERGY SERVICES

CIVIL CONSTRUCTION

- Site Development
- Concrete Installation
- Building Construction
- Equipment Pads
- Underground Conduit Installation
- Underground Utilities
- Foundations
- H Pile Installation

ENERGY SERVICES

PREFABRICATION

Alamon's Prefabrication Department builds key project components to exacting specifications in a controlled warehouse setting.

With careful attention to detail, our team ensures rigorous quality control and delivers creative, precise prefabricated solutions.

Our process delivers the highest quality components designed to accelerate the installation process on site, reducing labor costs and minimizing delays.
